

# Furniture for **EDUCATION**

*From Concept to Completion*

Hi there!

# WELCOME TO CIVIC AUSTRALIA

## **Flexible Designs for 21<sup>st</sup> Century Learning.**

At Civic, we are all about Mode 3 learning  
– 21<sup>st</sup> century spaces designed for  
collaborative learning.

Our complete range of furniture and  
customised design service helps you create  
environments that are tailored to your  
unique needs. For us, the design process  
follows the functional requirements of the  
space, so the finished result doesn't just look  
great, it also works better for your students.

# What we offer...

## **CONCEPT TO COMPLETION**

From your first enquiry, to after delivery, we are here to manage your project from beginning to end – providing you with the perfect solution.

## **AUSTRALIAN MADE**

Using ethically sourced raw materials, our production values ensure every piece of furniture leaving our Emu Plains factory has been rigorously checked.

## **GUARANTEED**

With warranties of up to 5 years, our furniture is guaranteed to stand up to the wear and tear from students (and their backpacks).

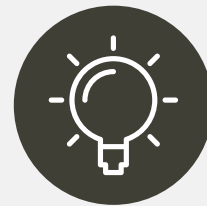

## **CUSTOMISATION**

An impressive palette of colours and options for soft furnishings and hard surfaces. Boost school spirits, stay subdued, or go bold.

## **FIT FOR PURPOSE**

Product lines that connect students to modern curricula and current research on how kids learn best.

## **INNOVATIVE DESIGN**

Beautiful furniture designed to create comfortable, healthy and engaging learning environments.

## **INTERIOR DESIGN SERVICE**

Free interior design and colour consultation service provided in 3D renders from our talented in-house designer.

## **EXCEPTIONAL CUSTOMER CARE**

An attentive team who is passionate about their customers and their needs.

## **FLEXIBLE FURNITURE**

Furniture is flexible and can be moved around in the classrooms to perfectly suit the needs and activities of students.

# What is **MODE 3?**

“ The true strength in the classroom lies in the collaboration of learners, not in the knowledge of one expert “

Mode 3 takes away the rigidity of 20th century learning and replaces it with a flexible, mobile learning spaces that can be changed to suit the activities of the students.

## **A TRADITIONAL ENVIRONMENT**

that is teacher directed with students engaging in limited amount of interaction with their peers.

## **A SEMI-FLEXIBLE ENVIRONMENT**

where technology was introduced but directed by teachers.

## **A FLEXIBLE ENVIRONMENT**

that allows students to connect, communicate and engage in self-directed learning.

A multi-functional  
space that can be  
transformed to match  
the task at hand

A combination of digital  
tools, furniture and  
personnel to create the  
optimum in pedagogy  
of the 21<sup>st</sup> century

A flexible learning  
area that makes  
lifelong learners  
out of students

The students feel  
confident, connected  
and collaborative

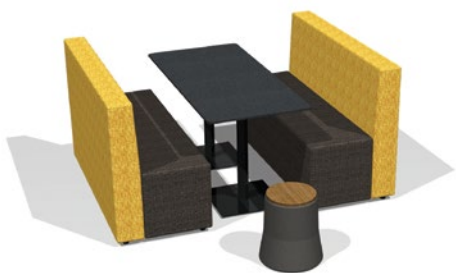

Minimising the hierarchy  
from teacher to student  
in the classroom with  
a shared ownership  
for learning

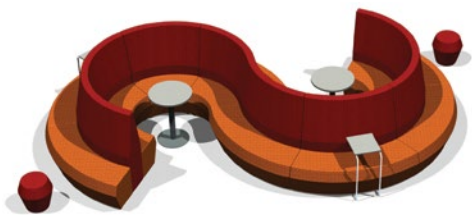

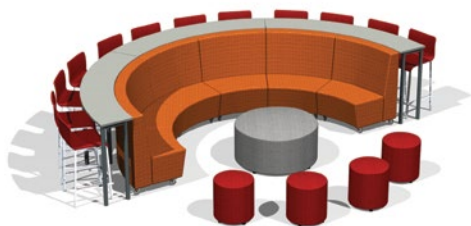

4 types of learning

# THE CAVE

A quiet sanctuary for focus and concentration

4 types of learning

# CAMPFIRE

Group discussions, storytelling and sharing ideas

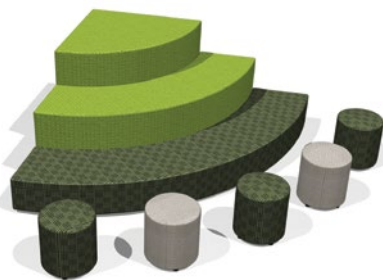

4 types of learning

# WATERING HOLE

Breakout area for sharing ideas and discoveries

4 types of learning

# MOUNTAIN TOP

Presenting, performing and sharing information

# Clients **WHO LOVE US**

We are passionate about what we do, and we align ourselves with clients who have a passion for what they do too.

A few of our clients include: Macquarie University, Canterbury College, JMC Academy, The Springfield Anglican College, The Lakes College, International College of Management Sydney, IONA College, The Glennie School, Lourdes Hill College, St Patrick's College, Macarthur Anglican School, Nepean Christian School, St Laurence's College.

"I wanted to quickly pass on my thanks for quality of service provided by Civic with our recent large order. I appreciate that you were able to meet our price expectations and the accountability you demonstrated when I needed to follow things up. Your delivery men, particularly Jake, are a credit to your company. The furniture looks great and I'm looking forward to getting some feedback from our teachers and students."

Jodie Alvaro  
St Patrick's College NSW

"From first contact (Ben Rowlands - Sales) Civic was responsive and kept the project going forward in an organised manner. Having everything provided from the one supplier made the project easy to manage from my perspective. Assistance with colours and layout was excellent. Rebecca listened to what we were looking for and provided thoughtful advice specific to our needs. We are very happy with the result, our students love the different look and feel that has been achieved between areas, through furniture selection and colour pallets"

Carol Miller  
JMC Academy QLD

**MACQUARIE**  
University

"Lourdes Hill College has worked extensively with Civic Australia across a number of years to refurbish and enhance our Senior School Classrooms and facilities, including our dedicated Senior Hub which is a contemporary space designed to help our Senior School students prepare for life beyond school. This project has incorporated range of independent and collaborative working spaces, a Careers and Academic Mentoring centre as well as a lecture theatre and conference space for group meetings and presentations. The outcome of each of these projects has been greatly enhanced by the knowledge, experience and advice of the Civic Team and benefited from their access to such an extensive catalogue of furniture, finishes and designs"

Andrew Hines  
Lourdes Hill College QLD

"I am so grateful for the professionalism, friendliness and quality of Civic Australia. From the very first 3D render plans to the gorgeous completed project, they have not disappointed. Our students are captivated by the colourful and comfortable furniture. Honestly a company I would recommend and use again."

Katie Gerber  
Nepean Christian School NSW

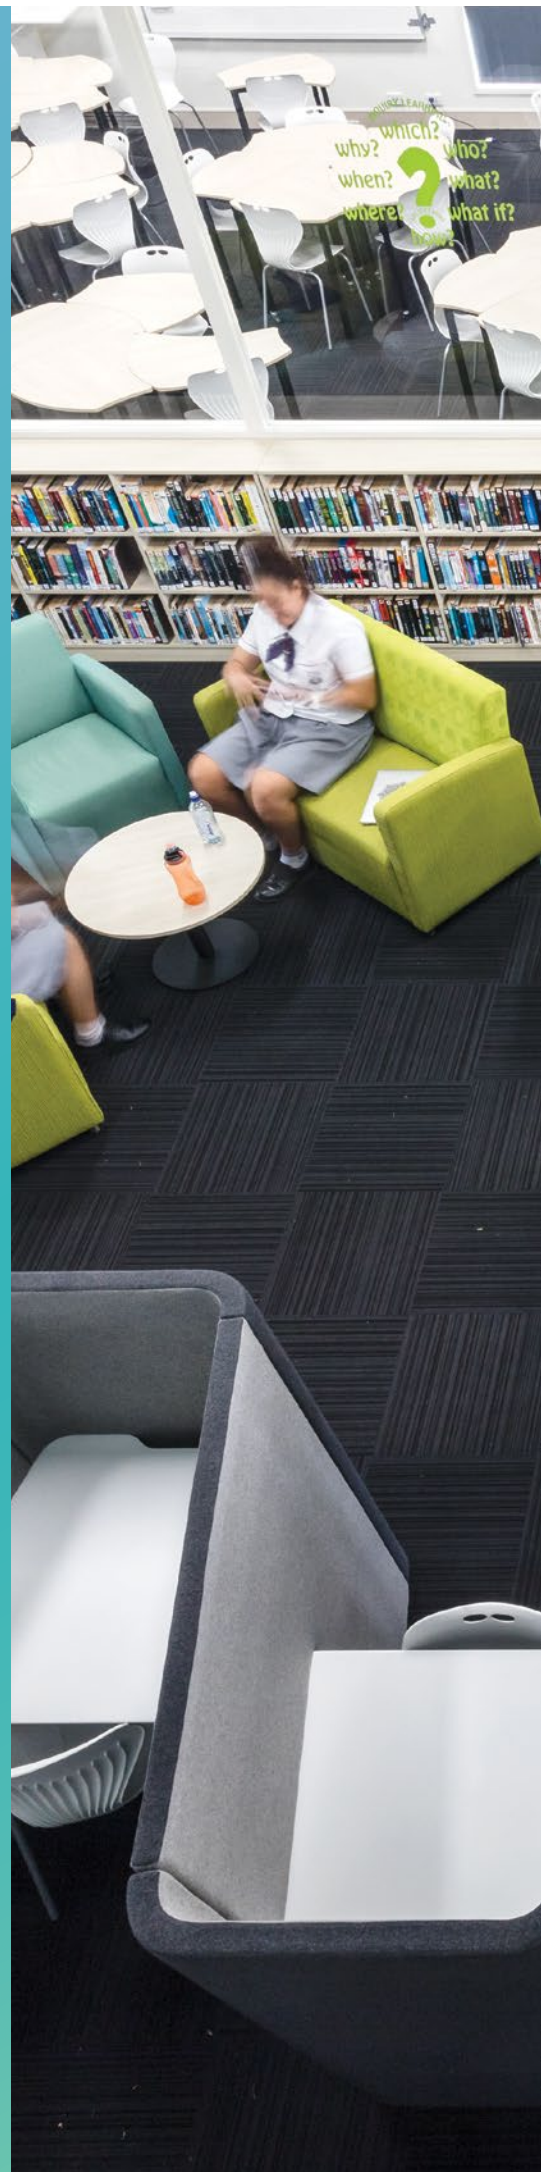

"The Civic Australia makeover has brought our Innovation and Research Centre to life. We have transformed our space into a stimulating learning environment and created an environment where learning thrives. It has had a direct impact on our patronage and our quest to be the hub of learning in the school".

Rebecca Fitzpatrick  
Macarthur Anglican School NSW

# CANTERBURY COLLEGE

Canterbury College has taken things to a whole new level by applying these famous words by Steve Jobs. The design and functionality of this space work seamlessly together making a strong aesthetic statement as well as providing a flexible learning space to the students. The Civic team put their heads together and their most innovative ideas forward. From that discussion, space plans and 3D renders came into play. Canterbury College were blown away by the creative and 'outside the box' concepts that were presented to them. This space radiates of modern, 21<sup>st</sup> century working spaces, embracing Civics' Mode 3 philosophy. With zones from Campfire, Cave, Waterhole and Mountain Top, this library space accompanies for all potential uses with no limitations.

## THE CAMPFIRE SETTING

A social learning space where students face each other, and in doing so gain an expectation that each should contribute to the discussion & activities.

“Design is not  
just what it looks  
like and feels like.  
Design is how  
it works”

Steve Jobs

With a combination  
of different zones and  
learning areas, this library  
explores Mode 3 learning  
at it's best.

# CANTERBURY COLLEGE JUNIOR DISCOVERY CENTRE

This dynamic space, complete with the full range of Mode 3 areas, is the perfect area for students to explore and immerse themselves in learning.

After a very successful outcome of the Canterbury senior space, Civic Australia was approached to design the new Junior Space, also known as their 'Discovery Centre'. The school is a beautiful campus that overlooks the Logan River. It encompasses state-of-the-art facilities and a student population which now exceeds 1,400.

The brief was to create something "wow", a space that made a strong impact on the students as well as everyone who walked in. The Civic team worked on many different concepts till the client felt we had mastered their vision. Over 9 custom joinery designs were created, to tailor specifically to our client's requirements.

The finished project was nothing short of a success. The detailed design journey paid off as happy students and teachers use this space in their day to day activities. The work has been highly spoken of by users of the space, parents who visit for conferences as well as educational professionals.

"This is one of the best libraries I have ever been in. The students are lucky to have this library"

Tristan Bancks / Children's & Teen Author

# SPRINGFIELD ANGLICAN COLLEGE

The Springfield Anglican College embraces a beautiful, sophisticated furniture solution to compliment the natural surroundings and create a peaceful learning environment.

From a friendly phone call, grew a breath-taking project to life. A project that sits in a beautiful building at The Springfield Anglican College. The Queensland College leaned on Civic Australia's knowledge and experience to transform their library space into something greater.

Seeking a more sophisticated furniture solution, The Springfield Anglican College was intrigued to embrace Civic's Mode 3 philosophy. After being presented design concepts, Civic put their heads together to finalise the design incorporating and utilising the feedback. Custom colours and finishes were sorted, and the production was carried out.

Collectively with Curved Bookcases, Concentric Units, Pod Banquette Units and Ottomans, the end result was magnificent. The outcome is a stunning project that is modern, strategic and encompasses the Mode 3 philosophy in a modern way.

# DE LA SALLE COLLEGE

De La Salle College, Revesby Heights is a systemic, Roman Catholic day school for boys located in Revesby Heights, in the south-west of Sydney, New South Wales, Australia. The school was founded as a school of the De La Salle brothers in 1960.

The school's staff area, a library and 3 classrooms needed refurbishing. The 3 classrooms had to encompass flexible furniture so it could open and convert to an assembly area when required. Tim Logue, principal, worked closely with Ben Rowland (Project Consultant) & Rebecca Camilleri (Interior Designer) to finalise the furniture, quantities and finishes

The 3 spaces are a creative mix of the huddle lounge, classic blocks ottomans, nexus seating and our most popular Evo chairs and Nastrom desks to name a few. Complimentary colours coupled with a high standard of quality provides the future generation learning areas that inspires young men to think & approach tasks differently. Civic also custom designed & manufactured the librarian's desk to suit the needs of the school.

The teachers and students were very happy with the outcome, enjoying the modern, flexible furniture.

Civic also  
custom designed  
& manufactured the  
librarian's desk to suit  
the needs of the  
school

# MACARTHUR ANGLICAN SCHOOL

"Civic Australia  
have transformed our  
space into a stimulating  
learning environment and  
created an environment  
where learning thrives."

Rebecca Fitzpatrick,  
Head of IRC (Innovation  
& Research Centre)

"I'm actually  
excited to study now!"

Ash, student

Macarthur Anglican School commissioned Civic Australia to design a new layout that would assist in welcoming the students back into the learning space. The brief consisted of; a flexible learning space, durable hard-wearing furniture & a design that would bring the 'wow' factor back into libraries.

The result is a Civic transformation. Bold colours of aqua, magenta & lime green blend with cafe tables made of natural oak and soft seating. These pieces are perfectly accompanied by the Evo Chairs & Campfire units. Students can choose to work in the quieter Cave spaces or collaborate in the Campfire configurations.

**This is the  
space that  
keeps students  
coming back  
for more.**

# WHAT'S NEXT?

Have a project in mind? We can come right to you. Together we'll explore what your schools need – and the full array of options for fun, functional furniture. (If only classrooms were this cool when we were students).

We're here to help!

## STEP 1

Have a new project in mind? Give us a call and we'll come right to you.

## STEP 2

Speak with our interior designers for a free colour and design consultation based on your requirements.

## STEP 3

The designer presents 3D renders of the space with customised fit for purpose furniture & colours. The designs are refined until you are 100% happy and sign off.

## STEP 4

Your order is placed and manufactured at our factory in Sydney\* using the highest quality materials.

## STEP 5

Furniture is delivered, unpacked and set in the designated areas as per the floor plans & renders.

**Call 1800 22 88 77 or email us at [enquiries@civicaustralia.com.au](mailto:enquiries@civicaustralia.com.au), tell us what you have in mind and let us do the rest!**

\* 80% of our production takes place in Sydney

"Do not confine your  
children to your own  
learning, for they were  
born in another time."

Chinese proverb
